

My name is Gemma Towle and I am excited to be a part of Coastline Volleyball's Summer Program. Volleyball began for me in 7th grade mostly begrudgingly, but I soon fell in love with the game and enjoyed playing through middle school as a MB and that position is ultimately where I stayed. In high school I played on a freshman team in Ohio and then moved to NC making Varsity my sophomore year and was also voted captain. A position I accepted knowing I could have a positive impact. I played club for 3 years here locally in Jacksonville for Venom and was lucky enough to be recruited and get to travel to Boston, Kentucky and South Carolina for visits but ultimately suffered an injury my Sr year that made my ability to play the following fall questionable, and I decided to sign to LCC. Unfortunately, I only stayed for one season with a shoulder that wasn't healing. I took a break and got healthy and now play several days a week, for the Jacksonville adult rec league, and enjoy coaching two teams for the Jacksonville rec. I also just finished a season coaching a Club U17 National Team.

If I am not on a court, I am in an arena as horse training and volleyball are my passions outside of my family. I have enjoyed training horses and clients professionally the last 6 years and truly love being a part of an athlete's growth. I live on tacos of any kind and WILL be finding the nearest Mexican restaurant after every tournament!
